for DB

Letter no. Tl. 204/45 D. 31.10.45 from the Pres. K-Cr-F

Requests sanction to waive the establishment & tools & plant charges relating to the above work's estimate.

28) Subd. The modified estimate for the above work is for Rs 88,415-00 which includes a sum of Rs 9,824/ towards the establishment and tools and plants charges at 12½% of the estimated amount.

29) As this is a work included in the sanctioned programme of Improvement works, the cost thereof will have to be met by the Govt. of the Dy. in

7721/44 √3134

proportion of 3:1 which would virtually mean that 3/4 of Rs 9,824/- will have to be met by govt, thus reducing the govt grant to that extent

30) The Drainage scheme is an important one and the Bd consider that it would not be advantageous to reduce the estimate by Rs 9,824/- and have therefore resolved to request govt to waive the establishment tools and plant charges as a special case in the above circumstances the Pres recommends for the same Suhd for orders.

3/12 31) An estimate for Rs 8,84,157 including a sum of Rs 9824 for E.T.P. charges has been prepared for the Surface drainage of the Anderasupet area Kig of Sanitary Board

32) This work is included in the first years programme of improvement works to be taken up in the area at a cost of Rs 75000/- and it is stated that this amount would be sufficient, in view of the savings likely to accrue by calling for tenders. Another request under

that the E. & P. charges might be waived as a special case & that the Estimate might sanctioned forthwith not exceeding £6,750/0/0

3(a) It is stated that the underground drainage scheme previously prepared for this area was dropped on account of the heavy costs of the Waterworks item was also of the fact that, due to air-blasting in the mining area the underground pipes might get damaged & consequent trouble. Hence the question of having underground drainage scheme might be pursued

3(b) The estimate now received will be sent to the Chief Engr. for necessary remarks for scrutiny and for opinion in regard to the waiving of the E. & P. charges.

New Regs. 3.12.45

H.O. 210.9-3 6/12/45

Forwarded with my compliments to the Chief Engineer for Roads & Buildings for scrutiny of the estimate & for opinion in regard to the waiving of the E. & P. charges in question.

Surface Drains for Andersonpet.

Continuation Sheet. File No. of Page

These papers relate to a proposal to sanction an estimate for Rs 86125 for surface drains at Andersonpet.

An underground drainage scheme for Andersapet was first prepared but it was dropped as it was considered that underground drains were not suitable for the area owing to frequent air blasts. X A surface drainage scheme was then prepared at an estimated Cost of Rs 88415. The Chief Engineer for Roads and Buildings has scrutinized the estimate and reduced it to Rs 86125.

B. A provision of Rs 75,000 ~~has been made~~ for the drainage scheme at Andersonpet has been made in the sanctioned two-year programme of Works to be Carried out by the H. Q. 7 Sanitary Board. X The Cost of providing surface drains is proposed to be met from this ~~fund~~ provision.

It is not proposed to sanction the request of the Board that the levy of S.T.P Charges may be waived.

A draft G.O sanctioning the estimate is put up for approval

No. C 257-4
Encls.

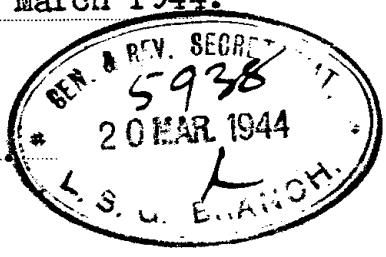
OFFICE OF the Director of Public Health in Mysore, Bangalore.

Date 17th March 1944.

To

The Secretary to Government,

Law Department, Bangalore.



Sir,

Re:- Drainage Scheme for Andersonpet, K.G.F.

With reference to D.O.letter No.L.8561/M1.dated 15th February 1944 on the above subject, I have the honour to state that an underground drainage scheme for Andersonpet was prepared and was discussed by the Sanitary Engineer with the Vice-President, Kolar Gold Fields Sanitary Board in Council. It was decided that the underground drainage scheme should be dropped as the cost of the pipes from Bhadravathi was very heavy and as due to air-blast in the Mining area it was likely that the underground pipes might get damaged and cause frequent trouble. The scheme for surface drainage is not yet prepared for Andersonpet area. The Sanitary Engineer reports that the Superintendent, K.G.F.Water Works is requested to prepare the scheme and submit it early.

I have the honour to be,
Sir,
Your most obedient servant.

Director of Public Health.

To

The Director of Public Health in Mysore,
Bangalore.

SIR,

With reference to your letter No.C.257-16/43-44 of the 2nd ultimo forwarding an estimate for Rs 1,10,768/-towards the Drainage Scheme of Andersonpet,I have the honour to state that it is seen from the enclosures received with your letter that the cost of the first stage of the comprehensive scheme is estimated to be Rs 21,305/-according to the schedule of rates and to this a further sum of Rs 21,305/-has been added as extra charges for ~~further~~ future fluctuations in prices of materials etc The subject came up for consideration before the Board who have resolved that the estimate for the first stage may be counter-signed for Rs 21.305/-without the 100% extra provision for future fluctuations. The Board is however agreeable to meet any extra cost that might be found actually necessary during - execution of the work,on account of fluctuation in rates within the limit mentioned by you. On hearing from you, the estimate will be sent to you duly countersigned as resolved by the Board.

As regards the financing of the scheme,I may add that a lump sum provision of Rs 75,000/-has been made in the programme of urgent works of improvement to be executed in the K.G.F.area, towards the Drainage Scheme of Andersonpet and this has been

approved

approved by Government tentatively in their Order No.L.5447/L.B. 33-44-15 dated 5th December 1944.

Enc: Records

From

The PRESIDENT, K. G. F. SANITARY BOARD
CHAMPION REEF.

To

The Additional Secretary to the Government of
His Highness the Maharaja of Mysore,
Bangalore.

Sir,

Surface Drainage Scheme.-- Andersonpet, K. G. F.

Adverting to correspondence ending with this office letter No. M1-C. 22/44-45 dated 22nd May 1945 on the above subject, I have the honour to state that an estimate for Rs. 1,10,768/- was received in the first instance from the Director of Public Health for a comprehensive Drainage Scheme for the Andersonpet area. As it provided for 100 % increase over the scheduled rates, it was returned for modification. The Sanitary Engineer has now furnished a modified estimate for Rs. 88,415/- based on the present market rates, for the work. It is seen therefrom that the estimated cost of the work will be Rs. 78,591/- and to this a further sum of Rs. 9,824/- has been added towards establishment and tools and plant charges at 12½ % of the estimated amount. As this is a work included in the sanctioned programme of Improvement Works, the cost thereof will have to be met by the Government and the Board in the proportion of 3 : 1 as ordered by Government. So, the payment of the sum of Rs. 9,824/- claimed by the Department by way of establishment and tools and plant charges would virtually mean that three-fourths of it will have been paid by Government and the rest by the Board. Indirectly, this will have the effect of reducing the grant so kindly sanctioned by Government to the Board for these special works. I therefore request that Government may be pleased to waive these charges as a special case and to sanction the estimate for the net amount of Rs. 78,591/- as resolved by the Board.

P T.O.

As stated above, the net amount of the estimate is Rs. 78,591/- as against a provision of Rs. 75,000/- made for this work under the sanctioned programme of works (first stage). This seems to be sufficient in view of the savings likely to accrue by calling for tenders. As this is one of the major works included in the programme, I request you to be so good as to obtain sanction of Government to the same at a very early date to enable the Department to put the work on hand without further loss of time. A copy of the Board's resolution on the subject, the abstract of the modified estimate received from the Sanitary Engineer with his letter No. 367-68 dated 17th October 1945 and the detailed estimates and plans previously received are enclosed for reference.

I have the honour to be,
Sir,
your most obedient servant,

PRESIDENT.
